## Entrepreneurial Youth Camp | Erasmus+ Project | Final outcomes

### Erasmus+

The project has been realised in the framework of the Erasmus+ programme. It is supported by the European Union.

### Goals

- Design a complete program of the Entrepreneurial Youth Camp
- Design supporting documents
- Realise the Entrepreneurial Youth Camp in Practice

### Process

The partner organisations worked together between September 2016 and August 2017.

International meetings:

Budapest, September 2016

Krakow, January 2017

Madrid, May 2017

Zamárdi, June 2017

Final conference:

Dunaharaszti, 24. August, 2017

*Entrepreneurial youth camp*

## Intellectual Outcomes

### TRAINING CURRICULUM

The Training Curriculum lists the competences that should be developed during the Entrepreneurial Youth camp. They are divided by “areas”:

Area A: Increasing motivation and openness for pro-activeness

Area B: Becoming the CEO of your own life

Area C: Developing fundamental social skills

Area D: Acquire basic business knowledge

## Partner Organisations

The biggest advantage of the project was the diversity of the partner organisations and their target groups. The objective was to make the project itself and the outcomes as inclusive and long-lasting as possible.

- EBC\*L Licensing Magyarország Kft.
- AFS Magyarország Nemzetközi Csereprogram Alapítvány
- Fundacja Instytut Rozwoju Regionalnego
- Centro Español De Nuevas Profesiones

AFS Hungary was the primary source for non-formal educational methods and intercultural approach.

CENP has the most experience working with NEET and over age of 18 students.

FIRR is specialised in supporting young people with special needs

EBCL has a solid background and resources of developing young people's entrepreneurial skills and business knowledge.

The partners of the project worked closely together on each intellectual output and the youth camp in practice to provide the best and most relevant knowledge and experience.

## TRAINING KIT

The complete Training KIT is available in English, Hungarian, Spanish and Polish.

## YOUTH WORKERS' MANUAL

The Youth Workers' Manual (available in English) is a support for youth workers for using the Training KIT.

## *Entrepreneurial Youth Camp in Practice*

The Entrepreneurial Youth Camp in Practice was organised in Zamárdi, Hungary between 18-24 June, 2017. The summer at Lake Balaton provided the perfect environment for the participants to learn about business, to improve their entrepreneurial skills and their English language abilities, to make international friends and get to know a part of Hungary. The most important part of the week was a project work, where the international groups had to create and develop their own business idea.

The participants also organised some leisure activities - singing, dancing, swimming in the lake.
