

TE(I)ST
the Balkans

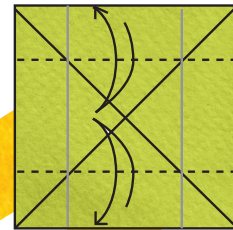

1. Crease diagonals

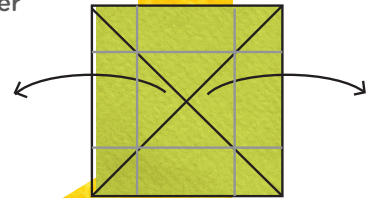

2. Blintz-fold all corners to the center point

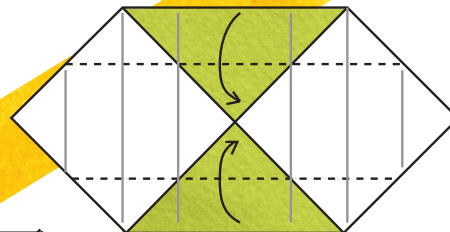

3. Fold edges to the center

4. Fold other edges to the center

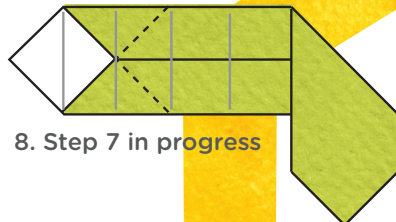

5. Unfold two side points

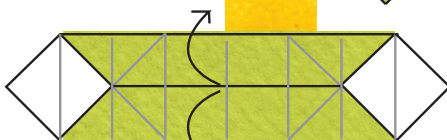

6. Fold on existing creases

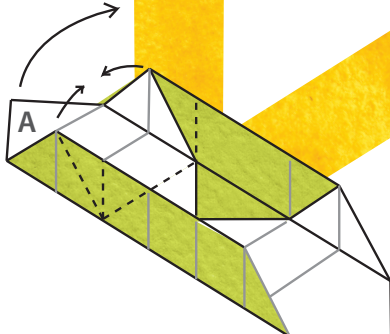

7. Fold and unfold on diagonals

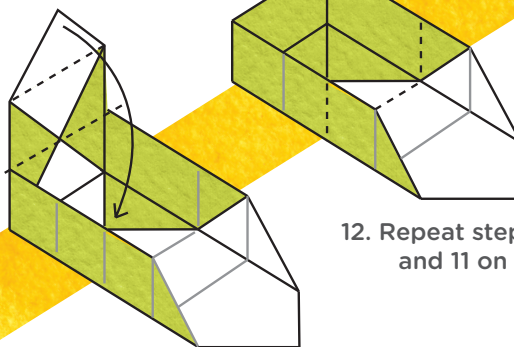

8. Step 7 in progress

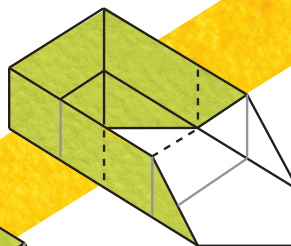

9. Lift sides to 90°

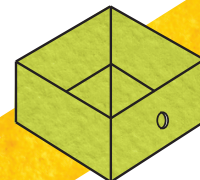

10. Make the side of the box, lift point A upwards, the existing sides will naturally collapse to points

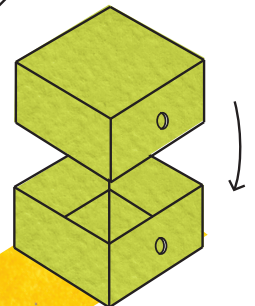

11. Fold the point down into the box, and press the point to the centre

12. Repeat steps 10 and 11 on this side

13. Cut a hole on one side

14. This is half of the smell box! Create the other half and join the two!

your TE(I)ST
smeeing box is
ready to be used
