

COMMUNITY SERVICE PROJECTS

PARAGUAY

BENJAMIN FRANKLIN SCIENCE CORNER

What do they do?

Promotes science immersion in children, adolescents and students through extracurricular activities and programs focused on Science, Technology, Engineering, Art and Mathematics (STEAM). These activities are carried out within a non-formal education methodology. They create a learning environment outside the scope of compulsory schooling where creativity and science combine to achieve meaningful learning.

Tasks you may perform:

This includes the preparation and follow-up of support and play activities, the pedagogical care of the children, and the accompaniment and support of the children to the recurring group science activities.

You should:

- Possess empathy and be willing to engage with people.
- Be a team player.
- Be open to working with children and adolescents.
- Have the ability to reflect and learn from experiences.
- Bring basic Spanish knowledge.
- Be responsible.
- Appreciate and respect all people.

You will learn:

- Gain practical experience in educating others.
- Develop self-confidence.
- Strengthen your sense of responsibility.

Working Hours

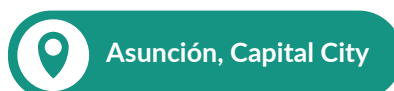

5 days a week from Monday to Friday 10am - 5pm.

Accommodations

You will live with a host family in Asunción or cities around.

PARAGUAY EDUCA

What do they do?

They are a non-profit civil association that, since 2008, has promoted technology and educational innovation with the vision that every child and adult in Paraguay develops technological competencies and life skills.

Their initial programs, One Computer Per Child (2009–2020) and the Serranía Municipal Technology Center (2014–2022), have turned Caacupé, located in the Department of Cordillera, into a living laboratory of educational innovation where technology is used as a tool for social inclusion, aiming to achieve digital fluency in the community.

Tasks you may perform:

You may collaborate with government institutions on educational technology policies, support workshops and consulting through FAB LAB Paraguay Educa, and contribute to innovation projects like FAB LAB Móvil, English by Videoconference, KuñaTIC, and the META Educational Portal, all aimed at strengthening local knowledge and educational innovation.

You will learn:

- Teaching and guiding others
- How a modern social enterprise works
- Greater self-confidence
- Sense of responsibility

Working Hours

5 days a week from Monday to Friday 8:30am - 5:30pm.

Accommodations

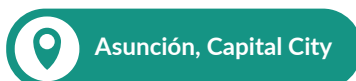

You will live with a host family in Asunción or cities around.

You should:

- Team player: collaborate smoothly.
- Reflective: learn and improve.
- Basic German: handle simple phrases.
- People & communication: enjoy engaging.
- Open & responsible: reliable, proactive.
- Respectful: value everyone equally.

INSTITUTO CULTURAL REINALDO MACCHI

What do they do?

They are an educational institution that supports the personal and professional development of young people, guided by the values of honesty, solidarity, and respect. Their mission is to empower youth to become agents of socio-cultural change, improving their own living conditions and, in turn, benefiting their families, communities, and the country as a whole.

Tasks you may perform:

The tasks, carried out under supervision, include educational work and participation in in-school programs, as well as supporting school staff in various activities.

You should:

- Be open to work with people with students from different ages
- Possess empathy and be willing to get involved with people.
- Be a team player.
- Bring reflection ability.
- Bring basic Spanish knowledge.
- Enjoyment of and interest in people and communication.
- Be open and responsible.

You will learn:

- Gain experience in educating others
- Insight into a modern social enterprise that aims to create an inclusive and social society
- Self-confidence
- Sense of Responsibility

Working Hours

From 7am to 1pm. You may work 30 hours per week.

Accommodations

You will live with a host family in Tobati or cities around.
