About Japan

Japan is the most popular destination for Australian school students to go abroad due to a long history of programs between the two countries. Each year AFS Intercultural Programs sends students from all around Australia to Japan to experience the Japanese culture and its people, learn the language, and to live with a carefully selected host family to fully immerse themselves in the Japanese way of life.

The AFS Japanese Intensive Language Program sees students from around the world undertake a 4 week program to Japan at the end of 2018 to improve their Japanese language skills and learn about the Japanese culture first-hand by living with a Japanese family.

This program can be a life changing and eye opening experience, and will open students up to not only a new culture, but will help forge life-long connections and friendships. Living and studying abroad will prepare you for life in ways that no other experience can—you'll learn more, gain more, and grow more than you thought possible.

The best thing is, in 2018 this opportunity is available to a student on a full funded scholarship provided by Mitsui Iron Ore Corporation Pty Ltd, a wholly owned subsidiary of Mitsui & Co., Ltd, one of the largest trading companies in Japan.

Scholarship value: \$7,500

Program inclusions:

- All domestic and international flights and transfers
- Host family placement- homestay with all meals included
- 80 hours of Japanese language classes
- Orientation pre departure, on arrival and at end of stay
- 24/7 support from AFS Japan and AFS Australia
- Comprehensive medical insurance.

Program Eligibility:

- Attending either Hedland Senior High School or Newman Senior High School (there is one scholarship place on offer for each)
- Aged between 15 and 18 at the start of the program
- Meet the AFS application guidelines for Japan
- Capable of adjusting to new experiences and environments, and open to adjusting to cultural difference.
- Willing to provide program updates and photos to AFS and Mitsui Iron Ore Corp.

Approximate program dates
