

Dear Friends from AFS Iceland!

Firstly, we would like to sincerely thank you for giving us the opportunity to take part in VSS in Iceland. It wasn't only a great adventure full of amazing moments, but also a chance to get to know Iceland, its incredible landscapes, inhabitants and culture. We are happy, that we could be part of the biggest and most important for AFS volunteers event of the year.

Thanks to that we were able to get to know a lot of amazing people- AFS volunteers- from all-over the world, with whom we could share experiences and knowledge about AFS and how it works in their countries. All the workshops gave us something to think about.

We were honored that we had the chance to help AFS International with the strategy, giving a comment and in this way be part of it. Thanks to the VSS we got motivated to be a bigger part of our AFS and we hope, that by doing so we will inspire others to do likewise. During these five days we haven't only gained new experiences and knowledge regarding AFS, but we also got to know a lot about other cultures, including the Icelandic one.

We would like to work closer together and have the chance to show you more of our country and customs. That is why we would love to invite Icelandic volunteers to Poland! We want to show Poland from a different perspective and break down any stereotypes. We hope that a better knowledge of the country will encourage volunteers to promote our country.

Thank you once more and we hope, that we encouraged you to come to us and get to know Poland and its inhabitants and culture. See you soon!
