

Private School Program

High School Highlights

Lutheran High School South

Location

St. Louis, Missouri USA

School Enrollment

Student Population

540 students

Student-Teacher Ratio

12:1 (Average class size: 19 students)

Curriculum Overview

Courses Offered

Theology, English, Mathematics, Social Sciences, Science, Modern Languages, Physical Education, Practical Arts (Business, Family & Consumer Science, Medical, Industrial Technology), Art, Music, and Theater. Advanced Placement courses available.

Special Academic Focus

Lutheran South has a "FlexMod" schedule that provides students a higher level of individualized attention. Instructional days are divided into "MODS", where students learn in large and small groups. "Flex" refers to instructional time and student-independent learning time. Students develop time management and organizational skills and receive one-on-one time with teachers. FlexMod is made up of two 25-minute modules.

STEM Program

Students may qualify to incorporate a STEM learning track that emphasizes advanced study in critical thinking, teamwork, and hands-on learning. The STEM Program brings together the Math, Science, and Material Technology Departments.

Sample Freshman Schedule

Monday	Tuesday	Wednesday	Thursday	Friday
STEM 1	Theology	STEM 1	Theology	Theology
